Item 2.0. Triggering Events That Accelerate or Increase Direct Financial Obligations.

The Registrant has determined that it has in default under two loan agreements: \

Senior Loan Agreement

On December 23, 2010, the Company entered into a Convertible, Senior Secured Term loan in the principal amount of \$4,000,000 (the "Senior Loan") with LC Capital Master Fund Ltd. Under this agreement, the lender has a first priority security interest on the Registrant's intellectual property and a second priority security interest on all of the Registrant's other assets. A copy of the loan agreement was filed as an Exhibit to a Report on Form 8-K filed by Registrant on December 30, 2010.

As of September 30, 2011 the outstanding loan balance plus accrued interest was \$4,367,200.

The Senior Loan agreement contains certain covenants, including a covenant requiring the Company to meet quarterly EBITDA targets. Registrant was not in compliance with this covenant as of the end of its fiscal quarter ended September 30, 2011. If the lender does not grant a waiver with respect to this covenant default or forbear its right to foreclose upon its collateral, the lender may accelerate payment of all amounts due it and enforce its remedies to sell its collateral.

Revolving Loan Agreement

On March 21, 2011 the Registrant entered into a Loan and Security Agreement with Bridge Bank National Association. A copy of the loan agreement was filed as an Exhibit to a Report on Form 8-K filed by Registrant on March 25, 2011. Pursuant to that Agreement, that bank provided Registrant with a revolving loan credit facility of up to \$2,000,000, with the amount available to Registrant being based upon an accounts receivable formula. The Bank has been granted a first position security interest in all of Company's current assets, with the exception of Intellectual Property in which its position is second to the lien of the holder of the Senior Loan described above. All other secured debt is subordinate to the Bank facility.

As of September 30, 2011 the outstanding loan balance was \$452,081.

The loan agreement requires Registrant to maintain asset certain coverage and to maintain quarterly earnings before interest, taxes, depreciation, and amortization (EBITDA) losses and non-cash compensation or expense, measured monthly on a trailing 90 day basis, of not less than minus \$(150,000). Registrant was not in compliance with its EBITDA covenant as of the end of its fiscal quarter ended September 30, 2011. If the Bank does not grant a waiver with respect to this covenant default or forbear its right to foreclose upon its collateral, the lender may accelerate payment of all amounts due it and enforce its remedies to sell its collateral.
