### Company Overview

We are engaged in the design, manufacture, marketing and sale of wearable computing devices and augmented reality wearable display devices also referred to as head mounted displays (or HMDs, but also known as HUDs or near-eye displays), in the form of Smart Glasses and Augmented Reality (AR) glasses. Our wearable display devices are worn like eyeglasses or attach to a head-worn mount. These devices typically include cameras, sensors, and a computer that enable the user to view, record and interact with video and digital content, such as computer data, the Internet, social media or entertainment applications. Our wearable display products integrate micro-display technology with our advanced optics to produce compact high-resolution display engines, less than half an inch diagonally, which when viewed through our smart glasses products create virtual images that appear comparable in size to that of a computer monitor or a large-screen television.

With respect to our Smart Glasses and AR products, we are focused on the enterprise, industrial, commercial, security, first responder, medical markets, and to a lesser degree defense markets. We also provide custom solutions and engineering services to third parties, including OEMs, of waveguides to enable fully integrated wearable display systems, including head mounted displays to commercial, industrial and defense customers. We do not offer “works for hire” services but rather offer our services in ways that could result in advancing our technology or lead to a long-term supply or OEM relationship.

All of the mobile display and wearable and mobile electronics markets in which we compete, including mobile and wearable displays and electronics, have been and continue to be subject to consistent and rapid technological change over the last decade, with ever greater capabilities and performance and, in many cases, including the rapid adoption of tablets and mobile devices with larger screen sizes and improved display resolutions, as well as declining prices on mobile phones and other computing devices. As a result, we must continue to improve our products’ performance and lower our costs. We believe our intellectual property portfolio gives us a leadership position in the design and manufacturing of micro-display projection engines, waveguides, mechanical packaging, ergonomics, and optical systems.

Our principal executive offices are located at 25 Hendrix Road, West Henrietta, New York 14586. Our telephone number is (585) 359-5900. We maintain an Internet website at [www.vuzix.com](http://www.vuzix.com). The information contained on, connected to or that can be accessed via our website is not part of this prospectus. We have included our website address in this prospectus as an inactive textual reference only and not as an active hyperlink.

## RISK FACTORS

*Any investment in our securities involves a high degree of risk. Investors should carefully consider the risks described below and all of the information contained or incorporated by reference in this prospectus, including the risk factors described in our Annual Report on Form 10-K for the year ended December 31, 2019, and in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2020, before deciding whether to purchase the securities offered hereby. Our business, financial condition, results of operations and prospects could be materially and adversely affected by these risks.*

***You will experience immediate and substantial dilution as a result of this offering and may experience additional dilution in the future.***

You will incur immediate and substantial dilution as a result of this offering. After giving effect to the sale by us of 3,647,059 shares offered in this offering at the offering price of \$4.25 per share, and after deducting placement agent fees and estimated offering expenses payable by us, investors in this offering can expect an immediate dilution of \$3.46 per share. See “Dilution.”

***Because we will have broad discretion and flexibility in how we use the net proceeds from this offering, we may use the net proceeds in ways in which you disagree.***

We currently intend to use the net proceeds from this offering for general corporate purposes, including working capital to accelerate the building of finished goods inventory to address increasing customer demand and accelerate development of our next generation micro-LED designer style augmented reality smart glasses. See “Use of Proceeds.” Our management will have significant discretion and flexibility in applying the net proceeds of this offering. You will be relying on the judgment of our management with regard to the use of these net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the net proceeds are being used appropriately. The failure of our management to use such funds effectively could have a material adverse effect on our business, financial condition, operating results and cash flow.

***Additional stock offerings in the future may dilute then existing stockholders’ percentage ownership of our company.***

Given our plans and expectations that we may need additional capital, we may need to issue additional shares of common stock or securities convertible or exercisable for shares of common stock, including convertible preferred stock, convertible notes, stock options or warrants. The issuance of additional securities in the future will dilute the percentage ownership of then existing stockholders.

***The warrants are speculative in nature.***

The warrants do not confer any rights of common stock ownership on their holders, such as voting rights or the right to receive dividends, but rather merely represent the right to acquire shares of common stock at a fixed price for a limited period of time. Specifically, for a period commencing upon issuance and expiring March 19, 2021, holders of the warrants may exercise their right to acquire the common stock and pay an exercise price of \$5.25 per share. Moreover, the market value of the warrants is uncertain and the warrants will not be listed or quoted for trading on any market or exchange. There can be no assurance that the market price of the common stock will ever equal or exceed the exercise price of the warrants, and consequently, whether it will ever be profitable for holders of the warrants to exercise the warrants.

## USE OF PROCEEDS

We estimate that the net proceeds from this offering, after placement agent fees and estimated offering expenses payable by us, will be approximately \$14.6 million.

We currently intend to use the net proceeds from this offering for general corporate purposes, including working capital to accelerate the building of finished goods inventory to address increasing customer demand and accelerate development of our next generation micro-LED designer style augmented reality smart glasses.

Until we use the net proceeds of this offering for the above purposes, we intend to invest the funds in short-term, investment grade, interest-bearing securities. We cannot predict whether the proceeds invested will yield a favorable return. We have not yet determined the amount or timing of the expenditures for the categories listed above, and these expenditures may vary significantly depending on a variety of factors. As a result, we will retain broad discretion over the use of the net proceeds from this offering.

## DILUTION

If you invest in our common stock, your interest will be diluted immediately to the extent of the difference between the offering price per share and the adjusted net tangible book value per share of our common stock after this offering.

Our net tangible book value as of June 30, 2020 was approximately \$23.2 million, or \$0.53 per share (on an as-converted basis with respect to our outstanding shares of Series A Preferred Stock, excluding conversion of related accumulated and unpaid dividends). “Net tangible book value” is total assets minus the sum of liabilities and intangible assets. “Net tangible book value per share” is net tangible book value divided by the total number of shares outstanding.

After giving effect to the sale of the common stock in this offering at the offering price set forth on the cover page of this prospectus supplement (without attributing any value to the warrants) and after deducting estimated placement agent fees and expenses payable by us, our as adjusted net tangible book value as of June 30, 2020 would have been approximately \$37.8 million or \$0.79 per share of common stock. This represents an immediate increase in net tangible book value of \$0.26 per share to our existing stockholders and an immediate dilution in net tangible book value of \$3.46 per share to investors participating in this offering. The following table illustrates this dilution per share to investors participating in this offering:

|   |    |      |
|---|----|------|
| Offering price per share  | \$ | 4.25 |
| Net tangible book value per share as of June 30, 2019                                 | \$ | 0.53 |
| Increase per share attributable to this offering                                      | \$ | 0.26 |
| As adjusted net tangible book value per share as of June 30, 2020 after this offering | \$ | 0.79 |
| Dilution per share to new investors participating in this offering                    | \$ | 3.46 |

The information above is as of June 30, 2020 and excludes, as of that date:

- 2,672,464 shares of our common stock issuable upon exercise of outstanding stock options under our equity incentive plans having a weighted average exercise price of \$3.08 per share;
- 6,512,516 shares of common stock issuable upon exercise of warrants, including 1,033,062 outstanding warrants that expire on June 18, 2021, with an exercise price of \$7.00 per share, and 5,479,454 warrants that expire on January 2, 2022 with an exercise price of \$4.10; and
- 3,647,059 shares of common stock issuable upon exercise of the warrants offered hereby.

#### **DESCRIPTION OF THE SECURITIES WE ARE OFFERING**

In this offering, we are offering 3,647,059 shares of our common stock together with warrants to purchase up to an aggregate of 3,647,059 shares of our common stock at the combined offering price of \$4.25 per share and warrant. Each warrant is exercisable for a period commencing upon issuance and expiring March 19, 2021. This prospectus supplement also includes the offering of the shares of common stock issuable upon exercise of the offered warrants.

##### **Common Stock**

The material terms and provisions of our common stock are described under the caption “Description of Common Stock” beginning on page 5 of the accompanying prospectus.

##### **Warrants**

The following is a brief summary of certain terms and conditions of the warrants and is subject in all respects to the provisions contained in the warrants.

The warrants will be issued as individual warrant agreements to the investors in this offering. You should review the form of warrant, filed as an exhibit to the Current Report on Form 8-K filed with the SEC in connection with this offering, for a complete description of the terms and conditions applicable to the warrants. The following brief summary of the material terms and provisions of the warrants offered pursuant to this prospectus is subject to, and qualified in its entirety by, the form of warrant.

The warrants will be exercisable at any time commencing upon issuance, expected to be on or about September 9, 2020, until March 19, 2021. The warrants will be exercisable, at the option of each holder, in whole or in part by delivering to us a duly executed exercise notice and, at any time a registration statement registering the issuance of the shares of common stock underlying the warrants under the Securities Act is effective and available for the issuance of such shares, by payment in full in immediately available funds for the number of shares of common stock purchased upon such exercise. If a registration statement registering the issuance of the shares of common stock underlying the warrants under the Securities Act is not effective or available for the issuance of such shares, the holder may, in its sole discretion, elect to exercise the warrant through a cashless exercise, in which case the holder would receive upon such exercise the net number of shares of common stock determined according to the formula set forth in the warrant. No fractional shares of common stock will be issued in connection with the exercise of a warrant. In lieu of fractional shares, we will round up to the next whole share or pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

The exercise price per whole share of common stock purchasable upon exercise of the warrants is \$5.25 per share of common stock. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock and also upon any distributions of assets, including cash, stock or other property to our stockholders.

Subject to limited exceptions, a holder of warrants will not have the right to exercise any portion of its warrants if the holder (together with such holder's affiliates, and any persons acting as a group together with such holder or any of such holder's affiliates) would beneficially own a number of shares of common stock in excess of 4.99% of the shares of our common stock then outstanding after giving effect to such exercise (the "Beneficial Ownership Limitation"); provided, however, that, upon notice to the Company, the holder may increase or decrease the Beneficial Ownership Limitation, provided that in no event shall the Beneficial Ownership Limitation exceed 9.99% and any increase in the Beneficial Ownership Limitation will not be effective until 61 days following notice of such increase from the holder to us.

In the event of a Fundamental Transaction (as defined in the warrants), the warrants will automatically terminate if the holder does not elect to exercise the warrants effective upon the closing of such Fundamental Transaction.

We do not plan on applying to list the warrants on the Nasdaq Capital Market or any other national securities exchange or any trading system.

Except as otherwise provided in the warrants or by virtue of such holder's ownership of shares of our common stock, the holder of a warrant will not have the rights or privileges of a holder of our common stock, including any voting rights, until the holder exercises the warrant.

#### **PLAN OF DISTRIBUTION**

We engaged The Special Equities Group, a division of Bradley Woods & Co., Ltd., as our placement agent to solicit offers to purchase the securities in this offering. The placement agent is not purchasing or selling any of the securities we are offering, and it is not required to arrange the purchase or sale of any specific number of securities or dollar amount, but has agreed to use reasonable best efforts to arrange for the sale of the securities.

The placement agent proposes to arrange for the sale of the securities we are offering pursuant to this prospectus supplement to one or more investors through securities purchase agreements directly between the purchasers and us. We established the price following negotiations with the placement agent and prospective investors and with reference to the prevailing market price of our common stock, recent trends in such price and other factors. It is possible that not all of the securities we are offering pursuant to this prospectus supplement will be sold at the closing, in which case our net proceeds would be reduced. We anticipate that the sale of the securities will be completed on the date indicated on the cover page of this prospectus supplement, subject to customary closing conditions. On the closing date, the following will occur:

- We will receive funds in the amount of the aggregate purchase price;
- The placement agent will receive the placement agent fees; and
- We will deliver the securities to the investors.

In connection with this offering, the placement agent may distribute this prospectus supplement and the accompanying prospectus electronically.

We will pay the placement agent a cash fee equal to \$777,777.77. We have also agreed to reimburse the placement agent for its legal expenses in connection with the offering in the amount of \$20,000.

We currently anticipate that the sale of securities offered by this prospectus supplement and the accompanying base prospectus will be completed on or about September 9, 2020 subject to customary closing conditions. At the closing, The Depository Trust Company will credit the shares of common stock to the respective accounts of the purchasers, and we will deliver the warrants to the purchasers. The estimated offering expenses payable by us, excluding the placement agent fees and expense reimbursement payable to the placement agent, will be approximately \$100,000, which includes legal and printing costs and various other fees associated with registering and listing the common stock. After deducting the placement agent fees and our estimated offering expenses, we expect the net proceeds from this offering to be approximately \$14.6 million.

We have agreed to indemnify the placement agent against certain liabilities, including liabilities under the Securities Act, and liabilities arising from breaches and representations and warranties. We have also agreed to contribute to payments the placement agent may be required to make in respect of such liabilities.

The placement agent may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act, and any commissions received by it and any profit realized on the resale of the securities sold by them while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. As an underwriter, the placement agent would be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 415(a)(4) under the Securities Act and Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of securities by the placement agent acting as principal. Under these rules and regulations, the placement agent:

- may not engage in any stabilization activity in connection with our securities; and
- may not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until it has completed its participation in the distribution.

#### **Electronic Distribution**

A prospectus supplement in electronic format may be made available on websites or through other online services maintained by the placement agent of the offering, or by its affiliates. Other than the prospectus supplement and the accompanying prospectus in electronic format, the information on the placement agent's website and any information contained in any other website maintained by the placement agent is not part of this prospectus supplement or the registration statement of which this prospectus supplement and accompanying prospectus form a part, has not been approved and/or endorsed by us or the placement agent in its capacity as a placement agent and should not be relied upon by investors.

#### **Nasdaq Listing**

Our common stock is listed on the Nasdaq Capital Market under the symbol "VUZI".

#### **ABOUT VUZIX**

We are engaged in the design, manufacture, marketing and sale of augmented reality wearable display devices also referred to as head mounted displays (or HMDs, but also known as Video Eyewear or near-eye displays), in the form of Smart Glasses and Augmented Reality (AR) glasses. Our AR wearable display devices are worn like eyeglasses or attach to a head worn mount. These devices typically include cameras, sensors, and a computer that enable the user to view, record and interact with video and digital content, such as computer data, the Internet, social media or entertainment applications. Our wearable display products integrate micro-display technology with our advanced optics to produce compact high-resolution display engines, less than half an inch diagonally, which when viewed through our smart glasses products create virtual images that appear comparable in size to that of a computer monitor or a large-screen television.

In the past, see-through HMDs displayed the real world using semi-transparent mirrors placed in front of the user’s eyes. These HMDs were large and bulky and as a result, they had little mass-market appeal. We have developed thin optics, called waveguides, that are fully see-through and enable miniature display engines to be mounted in the temples of the HMD which allows the form factor of our Smart Glasses to be comparable to conventional eyeglasses. Our Smart Glasses and AR Glasses are designed for all day use cases and are small enough to fit in a user’s pocket or purse.

We believe that our waveguide optics and display engines offer a number of significant advantages over other wearable display solutions, including higher contrast, greater power efficiency, less weight, more compact size, and high brightness images for use outdoors. We also believe that our waveguide optics give us a substantial advantage over other competitors’ optics, including other waveguides, because our solution allows us to produce optics that are fully transparent when off while also delivering the high brightness required for AR and enterprise Smart Glasses applications.

We believe that a key growth area for us is the consumer electronics, OEM and defense and homeland security markets. Our potential channels to these markets, beyond our own direct efforts, include supplying mass production of waveguide optics and display engines to select third parties to use in their products. We believe that our waveguides and compact display engine technologies are a key differentiator for enabling next generation AR and Smart Glasses hardware for the consumer and enterprise segments because they will ultimately allow us to make HMDs nearly indistinguishable from regular eyeglasses.

We have developed our own intellectual property portfolio that includes patents, over 20 years of manufacturing know-how, proprietary processes, materials and equipment to create high performance waveguides, and near-eye display products. We believe our technology, intellectual property portfolio and position in the marketplace give us a leadership position in AR and Smart Glasses products and waveguide optics and display engine technology

We reported a net loss of \$6,359,761 for the three months ended March 31, 2019, a net loss of \$21,875,713 for the year ended December 31, 2018, a net loss of \$19,663,502 for the year ended December 31, 2017, and a net loss of \$19,250,082 for the year ended December 31, 2016. We have an accumulated deficit of \$124,626,202 as of March 31, 2019.

Our principal executive offices are located at 25 Hendrix Road, West Henrietta, New York 14586. Our telephone number is (585) 359-5900. We maintain an Internet website at [www.vuzix.com](http://www.vuzix.com). The information contained on, connected to or that can be accessed via our website is not part of this prospectus. We have included our website address in this prospectus as an inactive textual reference only and not as an active hyperlink.

### **RISK FACTORS**

Investing in our securities involves a high degree of risk. Before making an investment decision, you should consider carefully the risks, uncertainties and other factors described in our most recent Annual Report on Form 10-K, as supplemented and updated by subsequent quarterly reports on Form 10-Q and current reports on Form 8-K that we have filed or will file with the SEC, which are incorporated by reference into this prospectus.

Our business, affairs, prospects, assets, financial condition, results of operations and cash flows could be materially and adversely affected by these risks. For more information about our SEC filings, please see “Where You Can Find More Information”.

### **USE OF PROCEEDS**

Unless otherwise indicated in a prospectus supplement, we intend to use the net proceeds from the sale of the securities under this prospectus for general corporate purposes, including expanding our products, and for general working capital purposes.

### **DESCRIPTION OF COMMON STOCK**

#### **General**

We are authorized to issue 100,000,000 shares of common stock, \$0.001 par value per share.

Holders of the Company’s common stock are entitled to one vote for each share on all matters submitted to a stockholder vote. Holders of common stock do not have cumulative voting rights. Therefore (subject to the rights of the holders of our Series A Preferred Stock, as discussed below), holders of a majority of the shares of common stock voting for the election of directors can elect all of the directors to our Board of Directors. Holders of the Company’s common stock representing one-third of the voting power of the Company’s capital stock issued, outstanding and entitled to vote, represented in person or by proxy, are necessary to constitute a quorum at any meeting of stockholders. A vote by the holders of a majority of the Company’s outstanding shares is required to effectuate certain fundamental corporate changes such as a liquidation, merger or an amendment to the Company’s certificate of incorporation.

Holders of the Company's common stock are entitled to share in all dividends that the Board of Directors, in its discretion, declares from legally available funds. In the event of a liquidation, dissolution or winding up, each outstanding share entitles its holder to participate pro rata in all assets that remain after payment of liabilities and after providing for each class of stock, if any, having preference over the common stock. The Company's common stock has no pre-emptive rights, no conversion rights, and there are no redemption provisions applicable to the Company's common stock.

#### **Transfer Agent and Registrar**

The transfer agent and registrar for our common stock is Computershare Trust Company.

#### **Listing**

Our common stock is currently traded on the NASDAQ Capital Market under the symbol "VUZI".

#### **DESCRIPTION OF PREFERRED STOCK**

We are authorized to issue up to 5,000,000 shares of preferred stock, par value \$0.001 per share, from time to time, in one or more series.

On December 30, 2014, the Company filed a Certificate of Designation of Series A Preferred Stock (the "Certificate of Designation") with the secretary of state of the State of Delaware, pursuant to which 49,626 shares of preferred stock were designated as Series A Preferred Stock. All such 49,626 shares are currently outstanding and held by Intel Corporation (the "Series A Purchaser").

Each share of Series A Preferred Stock is entitled to receive dividends at a rate of 6% per annum, compounded quarterly and payable in cash or in kind, at the Company's sole discretion. In the event of a liquidation, dissolution or winding up of the Company, each share of Series A Preferred Stock is entitled to a liquidation preference equal to one times (1x) the Series A Purchaser's original per share purchase price, plus a right to receive an additional liquidation distribution together with the common stock holders pro rata on an as-converted basis, but not in excess of \$1,000 per share in the aggregate (subject to adjustment for accrued but unpaid dividends and in the event of stock splits, dividends or other combinations). Each share of Series A Preferred Stock is entitled to vote with the holders of the Company's common stock on matters presented to its stockholders, and is entitled to cast such number of votes equal to the whole number of shares of common stock into which such shares of Series A Preferred Stock are convertible. The holders of record of the Series A Preferred Stock will be entitled to nominate and elect 2 directors to the Company's Board of Directors (the "Board Election Right"), at least one of whom will be required to qualify as an "independent" director, as that term is used in applicable exchange listing rules. The Board Election Right with respect to the independent director will terminate on such date as the number of shares of Series A Preferred Stock then outstanding is less than 40% of the original amount purchased by the Series A Purchaser. The Board Election Right with respect to the second director shall terminate on such date as the number of shares of Series A Preferred Stock then outstanding is less than 20% of the original amount purchased by the Series A Purchaser. The Series A Purchaser has not yet exercised its Board Election Right. The Company also granted the Series A Purchaser the right to have a board observer at meetings of the Company's Board of Directors and committees thereof.

For as long as at least 25% (or 12,406 shares) of the Series A Preferred Stock is outstanding, the Company may not, without the consent of holders of at least 60% of the then outstanding shares of Series A Preferred Stock, take certain actions, including but not limited to: (i) liquidate, dissolve, or wind up the business and affairs of the Company; (ii) amend, alter or repeal any provision of its charter or bylaws in a manner that adversely effects the rights of the Series A Preferred Stock; (iii) create or issue any capital stock that is equal to or senior to the Series A Preferred Stock with respect to preferences; (iv) create or issue any debt security, subject to certain exceptions; (v) pay off any debt obligation prior to its stated maturity date; or (vi) enter into any stockholders' rights plan or similar arrangement or take other actions that may limit actions that holders of a majority of the Series A Preferred Stock can take under Section 203 of the Delaware General Corporation Law, as well as such other customary provisions protecting the rights of the holder of the Series A Preferred Stock, as are outlined in the Certificate of Designation.

Subject to the foregoing, our Certificate of Incorporation authorizes our Board of Directors to issue preferred stock from time to time with such designations, preferences, conversion or other rights, voting powers, restrictions, dividends or limitations as to dividends or other distributions, qualifications or terms or conditions of redemption as shall be determined by the Board of Directors for each class or series of stock. Preferred stock is available for possible future financings or acquisitions and for general corporate purposes without further authorization of stockholders unless such authorization is required by applicable law, the rules of the NASDAQ Capital Market or other securities exchange or market on which our stock is then listed or admitted to trading.

Our Board of Directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of common stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes could, under some circumstances, have the effect of delaying, deferring or preventing a change-in-control of the Company.

A prospectus supplement relating to any series of preferred stock being offered will include specific terms relating to the offering. Such prospectus supplement will include:

- the title and stated or par value of the preferred stock;
- the number of shares of the preferred stock offered, the liquidation preference per share and the offering price of the preferred stock;
- the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation thereof applicable to the preferred stock;
- whether dividends shall be cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock shall accumulate;
- the provisions for a sinking fund, if any, for the preferred stock;
- any voting rights of the preferred stock;
- the provisions for redemption, if applicable, of the preferred stock;
- any listing of the preferred stock on any securities exchange;
- the terms and conditions, if applicable, upon which the preferred stock will be convertible into our common stock, including the conversion price or the manner of calculating the conversion price and conversion period;
- if appropriate, a discussion of Federal income tax consequences applicable to the preferred stock; and
- any other specific terms, preferences, rights, limitations or restrictions of the preferred stock.

The terms, if any, on which the preferred stock may be convertible into or exchangeable for our common stock will also be stated in the preferred stock prospectus supplement. The terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option, and may include provisions pursuant to which the number of shares of our common stock to be received by the holders of preferred stock would be subject to adjustment.

## DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of preferred stock or common stock. Warrants may be issued independently or together with any preferred stock or common stock, and may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between a warrant agent specified in the agreement and us. The warrant agent will act solely as our agent in connection with the warrants of that series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. This summary of some provisions of the securities warrants is not complete. You should refer to the securities warrant agreement, including the forms of securities warrant certificate representing the securities warrants, relating to the specific securities warrants being offered for the complete terms of the securities warrant agreement and the securities warrants. The securities warrant agreement, together with the terms of the securities warrant certificate and securities warrants, will be filed with the SEC in connection with the offering of the specific warrants.

The applicable prospectus supplement will describe the following terms, where applicable, of the warrants in respect of which this prospectus is being delivered:

- the title of the warrants;
- the aggregate number of the warrants;
- the price or prices at which the warrants will be issued;
- the designation, amount and terms of the offered securities purchasable upon exercise of the warrants;
- if applicable, the date on and after which the warrants and the offered securities purchasable upon exercise of the warrants will be separately transferable;
- the terms of the securities purchasable upon exercise of such warrants and the procedures and conditions relating to the exercise of such warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which and currency or currencies in which the offered securities purchasable upon exercise of the warrants may be purchased;
- the date on which the right to exercise the warrants shall commence and the date on which the right shall expire;

The prospectus supplement will include the following information:

- any initial public offering price;
- any discounts or concessions allowed or reallowed or paid to dealers;
- any commissions paid to agents; and
- any securities exchange or market on which the securities may be listed.

### Sale Through Underwriters or Dealers

Only underwriters named in the prospectus supplement are underwriters of the securities offered by the prospectus supplement.

If underwriters are used in the sale, the underwriters will acquire the securities for their own account, including through underwriting, purchase, security lending or repurchase agreements with us. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions. Underwriters may sell the securities in order to facilitate transactions in any of our other securities (described in this prospectus or otherwise), including other public or private transactions and short sales. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless otherwise indicated in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If dealers are used in the sale of securities offered through this prospectus, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The prospectus supplement will include the names of the dealers and the terms of the transaction.

#### **Direct Sales and Sales Through Agents**

We may sell the securities offered through this prospectus directly. In this case, no underwriters or agents would be involved. Such securities may also be sold through agents designated from time to time. The prospectus supplement will name any agent involved in the offer or sale of the offered securities and will describe any commissions payable to the agent. Unless otherwise indicated in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. The terms of any such sales will be described in the prospectus supplement.

#### **Delayed Delivery Contracts**

If the prospectus supplement indicates, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

#### **Continuous Offering Program**

Without limiting the generality of the foregoing, we may enter into a continuous offering program equity distribution agreement with a broker-dealer, under which we may offer and sell shares of our common stock from time to time through a broker-dealer as our sales agent. If we enter into such a program, sales of the shares of common stock, if any, will be made by means of ordinary brokers' transactions on the NASDAQ Capital Market at market prices, block transactions and such other transactions as agreed upon by us and the broker-dealer. Under the terms of such a program, we also may sell shares of common stock to the broker-dealer, as principal for its own account at a price agreed upon at the time of sale. If we sell shares of common stock to such broker-dealer as principal, we will enter into a separate terms agreement with such broker-dealer, and we will describe this agreement in a separate prospectus supplement or pricing supplement.

#### **Market Making, Stabilization and Other Transactions**

Unless the applicable prospectus supplement states otherwise, other than our common stock, all securities we offer under this prospectus will be a new issue and will have no established trading market. We may elect to list offered securities on an exchange or in the over-the-counter market. Any underwriters that we use in the sale of offered securities may make a market in such securities, but may discontinue such market making at any time without notice. Therefore, we cannot assure you that the securities will have a liquid trading market.

Any underwriter may also engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Rule 104 under the Securities Exchange Act. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of pegging, fixing or maintaining the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

#### **General Information**

Our agents, underwriters, and dealers, or their affiliates, may be customers of, engage in transactions with or perform services for us, in the ordinary course of business.
